

VO: Okay. So you ate the cookie. Don't despair.

Don't throw in the towel. You can still lose that weight.

And no, you don't have to go run a marathon.

There's a **BREAKTHROUGH** supplement

scientifically proven to deliver significant weight loss in as little as two weeks:

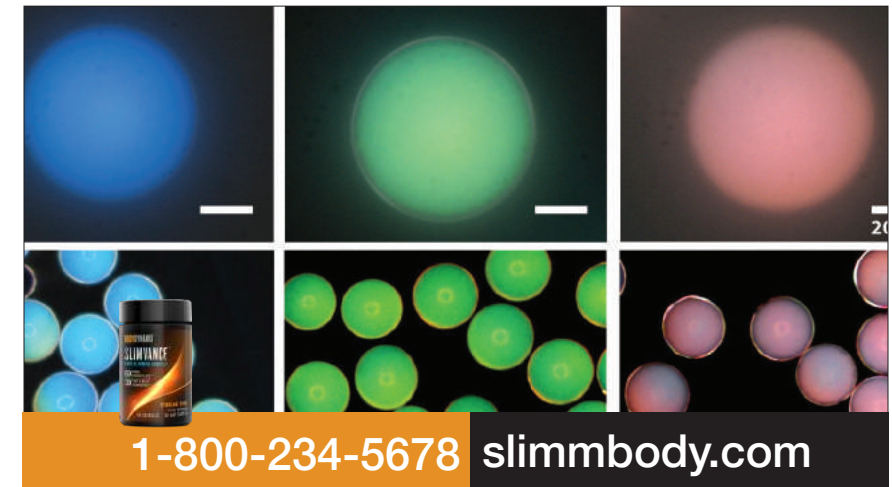

SLIMVANCE Core Slimming Complex. Available only from GNC.

It's made from a natural blend of botanicals that

people have been eating for centuries...

And now, scientists have precisely formulated those ingredients into a cutting-edge herbal complex

that helps you shed pounds without having to take away the foods you love.

With SLIMVANCE, you'll loose six times the weight

and three times the inches around your waist and hips.
